Gen. Stewart:

This General Survey is just off the press and distribution is just getting underway. I think it is the best General Survey we have published to date and I wanted to call it to your personal attention.

I also want to commend those in DIA and the DoD for their contributions to this particular General Survey, which was produced under "forced draft" circumstances in an effort to come in on a rising market.

Regards,

JOHN KERRY KING

This General Survey is just off the press. I think it came out very well and, due to some extraordinary efforts on the part of those involved in its production, we were able to meet a drastically shortened deadline.

I have sent one to General Stewart and Ed Proctor forwarded one to General Bennett.

JOHN KERRY KING

The General Survey on China is just off the press. In view of the high interest in that area these days, I thought you might want a copy. The atlas on China that I mentioned during our visit will be out in a few days; I'll send you copies as soon as it is available.

There is an advance elite dissemination
being made of this issue of the General Survey.
I believe Warren Nutter is on that list.

In view of your interest in, and loyal
support of, the NIS Program, I wanted you to
have your own copy.

Cheers!

*I know not what course
this may take, but
you are on my elite

Dear Ed:

Thank you for sending me the advance copy of the NIS on China. I continue to think that these general surveys are very valuable reference volumes, and it is always especially gratifying when one comes out in such a timely fashion as this one in relationship to current policy problems.

You are very thoughtful to call my attention to it so promptly. I am sure it will be very useful.

Sincerely,

Ray

I have been slowly perusing the NIS General Survey of the People's Republic of China and just want to let you and those who worked on it know that I am most impressed, especially considering the paucity of information that comes out of the place.

Sincerely,
